Duration, Conditions and Warranty coverage of Helium Balloons of the Poltent Sp. z o.o. company

- 1.** Each helium balloon contains an assembly instruction added by the manufacturer.
- 2.** The warranty includes: durability of the fabric, colours (UV radiation resistance), sewing durability and mounting elements.
- 3.** The warranty does not include changes caused during the natural usage of the product.(the fabric that the helium ballon was made of).
- 4.** The warranty does not include mechanical damages, damages cause during incorrect usage or due to failure to comply with the recommendations of the manufacturer and damages caused by random effects, fire, hurricane, vandalism.
- 5.** The helium balloons are not suitable during snowfalls. In the case of using the product in winter one needs to remove the snow when the snow layer is 2 cm thick.
- 6.** If water starts to gather it needs to be removed immediately.
- 7.** Before one packs the balloon into the transport bag one should clean and dry the product first.
- 8.** After unfolding the helium balloon one must immediately attached to the ground with pins and ropes (included in accessories). If you unfold the balloon on an uneven surface, where pins cannot be used, stabilize the balloon with ballasts.
- 9.** The balloon rises up to 25 m.
- 10.** Do not walk on the unfolded balloon.
- 11.** Do not overfill the balloon with gas.
- 12.** For filling the balloon use only helium, Helon or air.
- 13.** Before filling make sure that the lines are correctly mounted and in good technical condition.
- 14.** Do not put up the balloon near phone lines and/or power lines.
- 15.** Do not put up the balloon near traffic, trees etc.
- 16.** Do not leave filled ballon without supervising.
- 17.** On balloons with one shell the graphic can be changed. During the use wrinkles can appear. They are visible only at close quarters.
- 18.** The manufacturer does not take responsibility for the assembly/dismantling of the product if it was done without the manual instruction provided with the product.
- 19.** Secure the balloon during strong wind (not stronger than 5m/s).
