**Duration, Conditions and Warranty coverage  
for constant pressure VENTO® event furniture of the Poltent Sp. z o.o. Company.**

1. Each product contains an assembly instruction added by the manufacturer.
2. The warranty includes: durability of the fabric, constant pressure input, colours (UV radiation resistance), sewing durability, accessories and mounting elements.
3. The warranty does not include changes caused during the natural usage of the product (the fabric that the table/counter was made of).
4. The warranty does not include mechanical damages, damages cause during incorrect usage or due to failure to comply with the recommendations of the manufacturer and damages caused by random effects, fire, hurricane, vandalism.
5. If water starts to gather, it needs to be removed immediately.
6. VENTO® product should be cleaned and dried, before packing it into a transport bag.
7. In each constant pressure table/counter, the producer installs a safety valve securing the product against pumping out and changes in air pressure.
8. When setting the product outside, it is recommended to stabilize the table/event counter with weights (balancing boards) which are an additional accessory. The product has been tested and can be used during wind blasts, that are not stronger than 38km/h (5knots at the Beaufort scale). During strong wind the product should be folded immediately. **Mechanical damage resulting from failure to comply with the above recommendations, are not covered by the warranty.**
9. The manufacturer does not take responsibility for the assembly/dismantling of the product, if it was done without the manual instruction provided with the product.
10. Any dirt on the fabric should be removed immediately with a moist cloth only with warm water, without any detergents or water pressure.
11. The product can not be washed in a washing mashine, dried in a tumble dryer nor ironed.
12. The manufacturer guarantees, that the product was made with utmost care. In the case of any lack the orderer will contact the manufacturer in writing. The manufacturer will provide an answer within 14 days. The manufacturer will remove the damage within 21 days from the day that the complaint was accepted. The manufacturer extends the warranty benefits for the reparation time.
13. The manufacturer provides the following warranty:
  - for the fabric and the materials, the product is made of: 2 years (resistance of polyester fabric to UV light in blue wool scale\* is 4-5),

- for constant pressure moduls: 1 year,
- for the printing: 2 years (resistance of sublimation printing to UV light in blue wool scale\* is 6-7),
- for the accessories: 2 years.

**14.** The manufacturer reserves the right to make changes to the above information.

**15.** On the issues not mentioned in this regulations regulations from the 27th July 2002 about the specific terms of consumer sales apply, and changes ind Civil Code (Dz. U. from 2002 No141, pos. 1176, from 2004 No 96, pos. 959). This considers the Polish Law.

<b>Lightfast rating</b>	<b>Summer</b>	<b>Winter</b>
3	4-8 days	2-4 weeks
4	2-3 weeks	2-3 months
5	3-5 weeks	4 -5 months
6	6-8 weeks	5-6 months
7	3-4 months	7-9 months
8	Over 1,5 year	

\* The lightfastness table describes the actual possibility of displaying the media in daylight at the assumed time, depending on the season, without fear of changing the color.
